

## HANDS-ON BIOSTATISTICS

ONLINE WORKSHOP JULY 17-18, 2020

### PROJECT'S GROUPS

In the table below you can find your group for the project. To connect with your group members please follow the link indicated for your group. The hangouts groups provide the chat and the possibility to have group video calls. If you are using your pc you don't have to install a software, hangouts is part of Google apps. If you are using your phone make sure you install the hangouts app.

## Notes

1. We hope you will enjoy working together. To create groups we have used random sampling techniques keeping the country variation as high as possible.
2. Some group members don't have their email in Gmail. If you are one of them and have difficulties to join the hangouts group, please consider joining with a Gmail (you can open one if you don't have it already).
3. You are free to connect with each other before the workshop starts. You can also do an individual project if you find it difficult to work with the group (not recommended).
4. Please check if your name is correctly written, as you will receive the certificate with this name. If there is a problem please let us know at [eliana.ibrahimi@fshn.edu.al](mailto:eliana.ibrahimi@fshn.edu.al).
